Making a Difference Preparing our children for kindergarten

Austin Aspires, a nonprofit dedicated to improving educational outcomes for all students in Mower County, received a SMIF Early Childhood Grant for \$2,300 to develop parent training in multiple languages to accompany kindergarten readiness materials for local families. SMIF's Early Childhood Grants are designed to support asset-based collaborative approaches to meeting the needs of children birth to age 5 and their families. Austin Aspires is working with translators for parent education meetings and developing visual materials for families who do not read their first language.
