SMIF’s Early Literacy Grant Program is designed to support early literacy efforts that enhance school readiness for children birth to age five by providing children with books. Organizations working with these children are encouraged to apply for books to be given to families to keep and read to their children. The Early Literacy Grant Program receives books through partnerships with Mankato-based publishing companies, ABDO and Capstone.

Grant Guidelines
- Applications must be submitted by an IRS-designated 501(c)(3) nonprofit organization, a unit or agency of government, or a public institution.
- Proposal must benefit SMIF’s 20-county region.
- Only one application per organization (including school districts) will be considered.
- Books must be distributed within one year of the grant award date.

Exclusions
Ineligible activities include:
- Books used as library and/or school books.
- Books for resale.
- Books not given directly to children to take home to keep, to read and be read to.
- Books as a pass-through from one organization to another.
- Projects that do not include a significant parent education component focused on literacy.

Priority Considerations
Priority in funding will be given to projects that:
- Strengthen parental awareness of early literacy needs including communication and language development.
- Target populations that may not be receiving books through any other avenues in the community.
• Collaborate with other organizations to provide literacy tools to enhance and increase school readiness skills.
• Offer new and creative ways to reach families in the community you serve.
• Focus on diverse populations: race, religion, gender, sexual orientation, socio-economic status, or physical disability.

**Application Process**
